No worries, we're working to pull someone in from Multnomah County to cover the PIO role. If that doesn't work then we'll just use the industry person. Worst things have happened... Hope you have a great week and sorry you'll miss the drill.

On a side note, it looks like DEQ is going to pull out of involvement with the Zenith drill. I called into their final planning meeting and it sounds like their goal is just to do notifications and a few GRP's, but it didn't sound like a functional exercise or even a tabletop. I believe they just want to practice resource ordering and a few of the drill basics so there's no reason for us to mobilize our staff. They are also using diesel as their product, instead of the product which they store at the facility and transfer which is Canadian oil sands. The Canadian stuff has really different properties from diesel, so I don't really know why they are doing that. Anyway, their terminal manager still hasn't gotten back to me but my assumption is that DEQ won't participate.

Scott,

All of our extra PIOs have been deployed for Hurricanes, so I don't think I can find one for next week. Also, I had something come up that I need to attend on Wednesday, so I won't be making this drill either. That will still leave you with two experienced SITLs.

MST2 Alisha Carr: SITL

Hi Cori,

I was able to find an experienced liaison officer, but I won't be able to get a PIO. Also I lost one EU. Here is my (sort of) final list of participants. Of course it would be best if we could find an agency representative to handle the PIO role, especially since we are going to try to play protesters in this exercise, but this will have to do.

SOSC- Mike Greenburg (Qualified)
LOFR- Cheryl Grabham (experienced)
EUL- Don Pettit (Qualified)
EU- Sarah Idczak (experienced)
DOCS- Jaqueline Ross (break in)
Wildlife Branch (1 qualified, 5 break-ins from OFDW) Evaluations - Scott Smith (Qualified)

I don't have any qualified, and we have two other events next week so I don't think I will be able to get any.

Cori

Ok, I think this can balance out well, but we may need to scramble up some PIO's or Liaisons. Here is where I am currently:

SOSC- Mike Greenburg (Qualified)
EUL- Don Pettit (Qualified)
EU- Sarah Idczak (experienced)
EU- Jeanette Acolmb (break-in)
DOCS- Jaqueline Ross (break in)
Wildlife Branch (1 qualified, 5 break-ins from OFDW) Evaluations - Scott Smith (Qualified)

Need:

1-2 PIO's
1-2 Liaisons

Scott,

As far as fully qualified, I am sending an FOSC and OSC. Our SITL section has a lot of experience, but no official qualifications. Everyone else is part-way done with packets, but still needs school and more sign offs.
